## A \$500 JOB.

Last night, about midnight, two men held up a gentleman on East Douglas avenue, near the Santa Fe road and succeeded in securing \$500. He knew neither of them and they made safe their escape.

## DEGREE OF HONOR.

Regular meeting of the Degree of Honor at A. O. U. W. hall Thursday evening, August 25th. A full attendance is requested, as there is business of importance to be attended to.

## LICENSED TO WED.

Judge E. B. Jewett issued marriage license to the following yesterday: Thomas J. Farrell of Lawrence, Kan., Wyoming Territory, and Miss Ida Gorman, of Columbia, Kansas; Mr. Charles H. Williams and Miss Carrie Laine, both of Wichita.

## TEACHERS' EXAMINATION.

The board of examiners for city teachers were busily engaged yesterday looking over the examination papers manufactured on the previous day. There were twenty-four applicants for certificates and an effort will be made to have all the papers examined by this evening, so the report can be furnished the board of education at its meeting.

## FOR THE NORTH.

Salles Bros' black team run away yesterday. They were hitched at the corner of Topeka and Douglas avenues, and became scared at some paper tossed about by the wind and broke loose and started north. Several men made unsuccessful attempts at stopping them, but the latest dispatches stated that they were expected to arrive in Canada in a few minutes.

## OUR LADY FRIENDS.

As a large number of the lady readers of the EAGLE have expressed a desire to see our fast press in operation, as many as will except the invitation are invited to be present this afternoon between the hours of 3 and 5 o'clock at which time the Otto motor will be in operation, and the two revolution press will be printing and folding our weekly edition.

## ANNUAL EXCURSION.

Class No. 5 of the M. E. Sunday school will run their annual excursion this year to Winfield on the 3d of next month. Messrs. William Grainger and Llew Abbott will pay Winfield a visit tomorrow and make arrangements for picnic grounds and secure all the boats in that section, etc. Every effort is being made to make the day a pleasant one.

## THE WANDERER RETURNED.

It will be remembered that some time ago Mrs. Harry Dorsey left the city with Mr. E. L. Sorrell. Her husband wrote to her in Missouri some days ago asking her if she wished to return. She promptly replied that she would gladly do so, and on receiving from him the necessary money to pay fare she started for Wichita and arrived last evening. She was met at the depot by her husband and they are now living together.

## ANOTHER.

Today two gentlemen who have been in the city some days will leave for their eastern home. They came here to look up the facilities for starting up a wholesale in a certain line provided there were favorable inducements for doing so. They were soon convinced this was the place for their new enterprise, and commenced to make arrangements accordingly. They leave, expecting to return in a few weeks, when they will allow their names to appear in print.

## NO GO.

Mr. C. Bule hired a pony yesterday from Harry Rado for a trip of a few miles east. By the time he reached Emporia avenue on Douglas the little animal took a "bucking" spell and before plunging around very long threw itself and bumped the ground so hard as to make the little fellow appear for a time as though he was dead. Cold water and some medical remedies were administered, and in a short time the little fellow was ready for business.

## HEARD MUCH.

Messrs. Scott Plum and Meredith Wilson, of Bellefontaine, Ohio, are in the city. They expect to make investments here and the latter will probably engage in business. Said Mr. Plum, "back in Ohio we hear a great deal of Wichita, and it is universally spoken of as the best town in Kansas, but I hadn't the faintest conception of what I have seen since coming here. I expected to find a big, overgrown town with lots of push, but I was hardly prepared to see a handsome metropolis, with fine, palatial buildings. I shall certainly buy some lots before going back."

## THE WATERMELON SOCIAL.

The watermelon social given last evening at the residence of W. J. Brown, 441 Market street, by the Golden Rule Society was a decided success. Refreshments of all kinds were served. One of the interesting features of the evening was the voting to the most popular young lady of a large cake. There were seven contestants, and a lively and animated contest was kept up by the friends of the different candidates. Finally, when the voting had closed, this neat little scheme was found to have increased the organ fund by \$30, and Miss Mary Skinner having received 279 votes took the cake.

## CRUELTY.

An incident that might well be a good case for the interference of the Society for the Prevention of Cruelty to Animals, occurred on East Douglas avenue yesterday afternoon. A man was riding a Mustang pony along the avenue, and when in front of Post's the animal balked. After making an effort to move him, the rider deliberately took a club and knocked him down. The horse arose and the man rider knocked him down a second time. Charles Snyder arrested the man and took him before Judge Glenn, who fined him \$5 and delivered an interesting lecture upon the care of our dumb brutes.

## MUSIC IN THE AIR.

The Knights of Pythias band gave their first open air concert last evening at the corner of Main street and Douglas avenue. The boys were comfortably seated on a platform and long before the music commenced a large crowd had assembled waiting patiently for the musical treat. Before the first selection was completed it was no small task for a carriage or a street car to make its way through the crowd.

A nice programme had been prepared and was rendered in an elegant manner. The music was quite varied and almost everyone gave a selection that suited their idea of music. A gentleman from the west was heard to say that the band was as good as he had ever heard and was of the opinion that Wichita not only boasted commercially but was well supplied with music. Many were heard to speak of the band in the most praiseworthy manner and they seemed to think the efforts of the boys to furnish the city with good music should receive more encouragement than the ordinary "thank you, very nice indeed."

## BASE BALL.

The game yesterday afternoon closed the contest between the Topekas and Wichitas. There was a large crowd in attendance and the game was watched with the closest interest.

The score stood as follows:  
1 2 3 4 5 6 7 8 9  
Wichita.....3 0 0 2 0 0 0 0 0—5  
Topeka.....1 0 0 0 2 0 0 0 0—3  
The victory by the home nine makes the two clubs even; as the Topekas came out victorious in the game of the preceding day. The West Wichita fair grounds have been laid out and are now admirably adapted for the game.

The Topekas play today at Newton. The Wichitas will play next week with the Emporians.

## STREET RAILWAY.

The street car railway will make several changes today in running cars, besides opening up a new line. The line on Central avenue will be abandoned for some days on account of some repairs that it is necessary to make. All cars going up Main street to the union depot will not turn east until arriving at Oak street. The Topeka avenue cars will go south on Topeka avenue to Douglas, and then run west and run to the river. The East Oak street cars will, on arriving at Topeka avenue, follow the route of the Topeka avenue cars.

When the new cars arrive one will be placed on the East Oak street line and another on the Topeka avenue line. The Topeka avenue cars are all of them, late from the shop.

Work will commence today on the south extension which in length will be near one mile and three-quarters in length. It will be run east on Lincoln street to Fifth avenue, thence south to Harry street, thence east to Washington avenue and south, on Washington avenue to the Kinkaid property.

## THE ART CLUB'S NEW QUARTERS.

The Art club have taken a studio in the Union block, No. 130 West Douglas avenue, in connection with Mr. Potter, where the club will in future meet, beginning next Thursday morning at 9 o'clock. It is proposed to secure a set of good casts, heads, faces, hands, etc., to work from, and the studio will be open to the use of both classes all the time.

It has been suggested that there may be a number of persons in the city who would be willing to become honorary members of the club for the encouragement it would give to those who are making an honest effort to master the first principles of art. In the east many of the wealthy people are in towns and villages even, apart from where they reside, founding schools for the advancement of art in its various branches.

Our membership fee has only been one dollar per month, and has been sufficient to pay our tuition, but with the increased expense of studio and casts, we need an increase of funds. What lover of art will help advance the club in this by their presence or their money? ELLA G. SHIELDS, Sec'y.

## DEATH OF MR. GRIFFIN.

Seth Griffin, an aged and highly respected citizen, passed quietly away last evening at 5:30 o'clock, at the residence of his son.

His wife had reached the end of life's journey years ago, but all of his six children with the single exception of his daughter, Mrs. Maggie Richards, of Denver, Colorado, who was detained at home by sickness of her children, had arrived in time to be present at his death bed and minister to him in his last hours: Miss Gertrude Griffin, of Denver, Miss Nellie and Flora Griffin, of Peoria, Ill.; C. H. Griffin, of Leadville, Colorado, inspector of the Western Colorado railway association, and S. W. Griffin, of Wichita.

The deceased had reached his three score and ten, and had retired from business to pass his declining years upon the comfortable fortune accumulated by a life of honest industry. He has been living here for the past two years, and has during that time gained the respect and esteem of all with whom he became acquainted.

Funeral services this afternoon at 4 o'clock from the residence of his son, C. H. Griffin, No. 605 North Topeka avenue.

## MR. PHILLO'S LETTER.

The following letter was handed us by Mr. J. G. McCoy, and we give it space believing its import will give joy to many of our readers who have taken a heartfelt interest in Mr. Phillo in these days of his sore affliction: Ionia, Mich., Aug. 15th.

Dear Friend:  
I am sitting up in bed, for I am now under Doctors Mink and Humphreys' care. We found here all that we hoped to find. They have undertaken my case and expect to effect it. I am about played out, or worn out, so much fatigued traveling and so many continuous nights of suffering took nearly all the strength I had, and had it not been for my wife, my funeral would have been over ere this. But as it is I am doing a little better now. We are at a private house where our board is cheap, and we have house comforts. Yesterday they began operations on my hip, which had grown rapidly worse since we left home. By tomorrow or next day we hope to see the cancer then killed, and in three days more, out. After that they will begin on the others, and I may as well say to you here, that I shall be cured or it will kill me in the operation. They know it to be a dangerous case, but why halt? If it cannot be removed it means a sure death and terrible suffering. I prefer the former. There is much I want to say to you, but I am tired and as you can see by this my nerves are not in the best condition. I am very anxious to get back again and to get to work. I can't help worrying when I think how we are taking our friends, but I cannot hurry the matter an hour, God knows I wish I could, we cannot start just how long we shall be here but depend upon it as soon as we are able we shall start for home. They are all very kind to us here and we seem to find friends wherever we go. Three days ago I began this but so much comes unbidden and I cannot write. By Monday I hope the big one will be out then if things are as the doctor expects, we will be start home in a week but I cannot say. I have his expectancy, he thinks as other medical men here that the life in the groin are not cancers. I hope he may be right. Remember me to all. I am not going to loose heart but keep up as long as there is a show. I wish you would send me an Eagle, we may stay longer than I expect. I sent you a dispatch after I was examined here but so far we have not had a word from Wichita. With kindest regards to all, I am yours, E. B. PHILLO.

Mr. McCoy desires us to say to all those in whose heart is the desire to assist this worthy man in his battle with the grim "King of Terrors," to lend him their contributions as soon as possible as it is desirable to forward to Mr. Phillo a sum of cash this week. Woman has from time immemorial been typified as a clinging vine and man as the sturdy oak. The thing is too frequently reversed in these days of higher civilization, we know of several of these "oaks" that lean around town, whittling store boxes, talking base ball, politics and horse races, while the "vine" is at home washing in the boiling sun to earn money enough to keep the "oak" and his young sprigs from starving to death. Mr. Reily, of Arkansas City, played yesterday with the Wichita Reds and never made an error during the game.
